

ABHIJEET JHA

Software Developer | Java | Spring Boot | REST APIs | Microservices

Thane, Maharashtra | 7741009433 | [Portfolio](#) | abhijeetj9433@gmail.com | github.com/abhijeetIT | linkedin.com/in/abhijeet-jha19

PROFESSIONAL SUMMARY

Java Software Developer (BCA 2026, CGPA 8) with hands-on experience building and deploying production-grade Spring Boot applications with 6+ secured REST APIs and cloud-integrated storage. Proficient in Spring Security, JWT, RBAC, JPA/Hibernate, Docker, and AWS S3/RDS. Seeking a Backend Developer role to architect scalable, high-performance backend systems.

EXPERIENCE

Data Analytics Intern | Techno Exponent

Jun 2025 – Aug 2025

- Engineered SQL query pipelines to extract and transform datasets from relational databases, reducing manual data preparation time.
- Processed and cleaned 10,000+ records using Python (Pandas, PyMongo), improving dataset accuracy for downstream analytics reports.

TECHNICAL PROJECTS

[SpendSnap](#) — Spring Boot, MySQL, JPA/Hibernate, Thymeleaf, Cloudinary, Google Gemini API, Docker

[·Live Demo](#)

Production expense management platform targeting users aged 17–35 to track and optimize daily spending habits.

- Optimized JPA/Hibernate queries using DTO projection patterns across 6+ REST API endpoints, reducing average API response payload size and improving throughput under concurrent load.
- Implemented centralized exception handling via `@ControllerAdvice`, standardizing REST error responses across all endpoints and reducing debugging time.
- Managed full production deployment lifecycle on Koyeb including environment config, DB synchronization, and zero-downtime release process.
- Built an AI-powered receipt scanning feature using Google Gemini's vision model to auto-extract amount, date, merchant, and suggested category from a photographed receipt, with a mandatory user-review step before any data is saved.

[RestroCloud](#) — Spring Boot, Spring Security, JWT, MySQL, JPA/Hibernate, React JS, Swagger/OpenAPI

[· Click to see on GitHub](#)

Role-driven restaurant management platform covering table service, kitchen workflow, and order lifecycle.

- Designed and implemented JWT-based stateless authentication with segmented access for 3 roles (Admin, Waiter, Kitchen), securing 15+ API endpoints with role-specific authorization guards.
- Modeled 5+ core business entities (Orders, Tables, Payments, Menus, Sessions) using JPA/Hibernate with optimized relational mappings and enum-based state management.
- Built paginated and filterable REST APIs with microservices-oriented modular architecture, supporting an estimated 50+ concurrent restaurant sessions.
- Implemented **Redis**-based OTP verification with **OTP hashing**.

[Student Management System](#) — Flask, Python, MongoDB, PyMongo, HTML, CSS, Bootstrap

Flask-based administrative platform for educational institutions to manage student records with reliable CRUD operations.

- Architected a Flask and MongoDB backend supporting full CRUD operations on student records, reducing administrative data entry errors through structured document validation.
- Secured backend database connectivity using environment-based configuration management, eliminating hardcoded credentials from the codebase.

TECHNICAL SKILLS

Languages: Java (8/11/17), SQL, Python, HTML

Frameworks: Spring Boot, Spring Security, Spring Data JPA, Hibernate (ORM), Flask

API & Documentation: RESTful API Design, API Versioning, Swagger / OpenAPI, JWT Authentication, RBAC, DTO Patterns

Generative AI: Google Gemini API (Vision), Prompt Design, LLM-based Data Extraction

Databases: MySQL, MongoDB, Redis (basic)

Cloud & DevOps: AWS (S3, RDS), Docker, Cloudinary, Maven, Git/GitHub

Testing & Tools: JUnit, Postman, Version Control, GitHub Actions (familiar), Linux Shell, UNIX

Concepts: Microservices Architecture, OOP, SDLC, Exception Handling, Unit Testing, DSA, Debugging, Agile

EDUCATION

Bachelor of Computer Applications (BCA)

July-2026

Bengal School of Technology & Management, affiliated with MAKAUT, Kolkata | CGPA: 8

Higher Secondary (XII) | Shri Ram Hindi High School, Bhiwandi, Thane

2022

Secondary (X) | Shri Ram Hindi High School, Bhiwandi, Thane

2020
